

**Great Little
Box Company**
Great people to deal with

-FOR IMMEDIATE RELEASE-

Working in the Box IS Great!
Great Little Box Company Named “Best Company to Work For in BC”

(Richmond, BC) November 30, 2006 – Great Little Box Company Ltd (GLBC) is thrilled to announce being recognized by Watson Wyatt Worldwide and *BC Business Magazine* as the **Best Company to Work For in BC**. This acknowledgment, on the heels of being named one of Canada’s Top 100 Employers for 2007 as featured in *Maclean’s Magazine*, speaks volumes about the corporate culture and leadership at GLBC which is as serious about having a healthy workplace as it is about profits.

“Being named the Best Place to Work in BC is the highlight of my career,” noted President and CEO Robert Meggy. “When I set out 25 years ago to turn around a box manufacturing company in receivership, the focus quickly became the employees. It is clear that happy and motivated employees are the key to success and longevity. Over the years we have made it a priority to engage employees, provide them with the information they need and empower them to make decisions.”

Great Little Box Company is widely acknowledged for its progressive human resources practices, including its unique monthly profit sharing program, its open book management and its BOX goal (Big Outrageous eXtravaganza). If the BOX goal (a stretch profit goal) is met, all employees in the company enjoy an all-inclusive long weekend trip to an exciting destination. Previous destinations include Cabo San Lucas, Puerto Vallarta and Las Vegas.

“I am personally very proud of being recognized by *BC Business* and Watson Wyatt,” said Meggy. “It really speaks to how special our people are and how instrumental they are to our continued success.”

Established in 1982, Great Little Box Company is a leading designer and manufacturer of custom and stock corrugated boxes and displays. GLBC also produces foam protective packaging and distributes a full range of shipping and moving supplies. With four locations in British Columbia and Washington, more than 185 employees and a 250,000 sq ft production/head office in Richmond, Great Little Box Company is the largest independent corrugated sheet plant in Western Canada.
